EXPERIENCE

Full Stack Developer (Fresher)
A2Z Info-tech & A2Z IT Hub Pvt. Ltd.
April-2024 To November 2024

Computer Engineering
Last Year Student Of Engineering
(August-2023 To july-2025)

PROJECTS

1. Online Hotel Room Booking System

Languages Use: Django, Python3, Bootstrap, HTML, CSS.

Highlights: Developed a hotel room booking platform with features like seamless booking, payment processing, and customer services. Used Django and Bootstrap 5 for efficient design and development.

2. Modern Furniture E-commerce Platform

Languages Use: Django, HTML5, CSS3, Bootstrap 5,JavaScript, , Ajax,Python3.

Highlights: Created a dynamic e-commerce site for furniture with features like product browsing, secure shopping cart, payment gateway, and reviews. Designed for a user-friendly shopping experience.

3. Software Company Product Management System

Languages Use: Django, HTML5, CSS3, Bootstrap 5,JavaScript, Ajax,Python3.

Highlights: Developed a product management system for a software company, integrating e-commerce concepts. The platform allows users to explore products, manage purchases, and access secure payment options. Focused on creating a dynamic, user-friendly interface for both customers and administrators.
